Free services and services may be changed or withdrawn from the offer at any time by the Promoter. There is no claim for remuneration

3. CORONA SITUATION WITH POSSIBLE IMPACT ON OUR EVENTS:

AT the time of the constitution of this document already advertise some organizers with so-called CORONA/Covid19 guarantees - in our view the following should be clarified:

- Of course, in the event of cancellation of an event by the race track and/or organiser, we are also guaranteed that,
 - (a) the amount already paid is repaid at the customer's request, or
 - (b) is made available as credits for an equivalent event, including in the following year.

There is also a legal basis for this, as the organiser cannot perform his performance to the customer.

Should the organizer succeed in offering a reasonable replacement date for the cancelled date, all booked customers of the cancelled date will be automatically rebooked to the replacement date. If a customer is unable to attend the replacement date, this must be announced to us in writing within 14 days from the date of publication of the replacement date.

The customer's fully paid amount for then set indefinitely as credits for further TNT events.

- The far more difficult starting situation for all participants is the case if an event takes place without problems, the organizer and the race track take all necessary measures (e.B. PCR test on the track etc.), but a participant due to regional/national influences/regulations (e.B travel warnings) or even pers. Conjectures do not want to/can't participate in the booked event.

There is currently no single set of rules or transnational action plans, as the nature of the regulations - obstructions due to Covid19 are so manifold that at this stage even cancellation insurance companies do not even dwell on this issue in detail.

In this respect, we politely ask our customers to follow this procedure:

- a) to exercise all possibilities for regular participation in the appointment
- b) if necessary, sell the participation to another interested party in a timely way. The rebooking is of course unbureaucratic and free of charge. On some appointments there is also a waiting list that we can fall back on

c) Completion of a, until then, possible possible adequate cancellation insurance. Possible information on suitable insurance options is continuously displayed on www.gapromotion.com

It is also important to note that a booked event (TNT racing training), no matter in which country, is NOT a package holiday!!!
